LIPF (awarded 2014)

Joined Dundalk Photographic Society in: 2009

Overview:

In 2012 I won the Non-advanced section in our club and was promoted to the Advanced Section.

I have won a few medals in All Ireland Print and Projected Image competition. I have not entered any Salons to date.

I was successful with the first attempt at my LIPF

I feel I am still exploring photography in every sense and shoot Landscape, Portrait, Seascapes, Travel, etc. I use Photoshop to improve most of the work that comes off my camera. Many of the images I finish up with are composite.

My Flickr page shows a range of the images I've entered into competition in the last few years. I enjoyed taking them all and many have great stories behind them. By all means comment on them – but only if your comments are favourable !

Achievements to Date (In Reverse Chronological Order):

2014
