

Dundalk Photographic Society Launch 30th Anniversary Limited Edition Celebratory Book

Dundalk Photographic Society celebrated it's 30th Anniversary in 2009. In order to mark this special milestone Dundalk Photographic Society published a collection of members' photography in a historic, limited edition photographic book entitled 'The Art of Photography'.

The book contained local images of Dundalk and the North East, as well as other images from the furthest corners of the globe. There are images from our Senior, Advanced and Beginner members. The 120 page volume was finished to the highest quality and contains both monochromatic and colour photography. All in all it was a unique and beautiful collection of photographic art.

The project was endorsed by Uachtaran na hEireann, President of Ireland, Mary McAleese, by Martin Bellew, Chairman of Dundalk Town Council & by Jim D'Arcy, Chairman of Louth County Council.
