

Intermediate & Senior Competitions Round 3

Laurence Perkins was very impressed with the images on display last week and didn't really relish the task in hand, judging both the Intermediate and Senior monthly competitions. After much deliberation, two images attained the maximum points in the Advanced Colour Section. Brendan Tumilty was the proud owner of both images "Holy Father" and "Queen of Hearts". Brendan also achieved 19 points, the highest score in the monochrome section, for his image "Merlin at Dundalk Station".

The Senior Section was a hotly contested affair with two monochrome images and one colour image achieving the top score of 20. Gabriel O'Shaughnessy's "lbs" was top of the colour prints whilst Marty Garland's monochrome image "The Weaver" and Gabriel's monochrome image "Bike Repair Shop" each received a top score of 20 points.

Finally, Laurence awarded bragging rights of 'Image of the Month' to a very worthy "lbs". It was great to see an image taken at the previous week's model night doing so well. This may give newer members an idea of what can be done both in terms of taking an image and producing its final print.
