2014-2015 News

Dundalk Photographic Society

There were two other sections, Protected Open and Projected Theme (Landscape) where many of our members performed well but none featured in the top three of either section. For more details, please consult with the IPF website, www.irishphoto.ie

Heartiest congratulations to Tony and Brendan and indeed to everyone who entered images. A big thanks to all who helped with the running of the competition, especially for obtaining and calibrating the IPF projector, collecting, sorting and presenting the printed images and keeping score on the day.

The finals will be held in Kilkenny on the 21st February with details to be found on the IPF website (www.irishphoto.ie). Please contact the secretary, if you plan to attend, as a car pool may be organized.
