

## Greg Matthews - Street Photographer of the Year

We had a fabulous night at the club last Thursday with Greg Matthews from Dublin Camera Club. His talk on street photography was very insightful, informative and entertaining. We are very grateful to Greg, and Trudie, for travelling to Dundalk to share his experiences and his winning panel from the Street Photographer of the Year 2015. Greg generated much enthusiasm amongst those present with ideas of how to progress their own photography, especially black and white street scenes.
