

First Non Advanced Qualifying Competition

Last night we had the first round of the Non Advanced club competition for those hoping to qualify for the end of year finals night. Club Chairman, Damien O'Malley, judged this round. The standard was very high on the night with four images scoring top marks. These were

- club newcomer Fra Lucchesi with his black and white image "Susan in Mono", which is a fantastic result for his first competition,
- Andrew O'Connor with his gritty colour portrait "Dumbo" and
- Alexander Loshkarev with two images, his fantastic colour Dubai cityscape and his mono portrait of model Leona.

Image of the month was awarded to Alex for his portrait of Leona.

To finish off the night, club member Simon Mullen presented his recently successful LIPF panel, showing us his methods from camera to print. It was a very well received talk with some useful tips for all club members.

Club Chairman, Damien O'Malley, provides an encouraging critique.

Damien presents Alexander Loshkarev with Image of the Month for "Leona".
