

Non Advanced Second Round Qualifier

Last Thursday night saw the second round of the non-advanced competition. There were some great images on display and our experienced senior member Denis Whelehan judged. Denis awarded the 20's to Robbie Duffy in the mono section and Dermot Ahern in the colour section. Well done to both.

Denis Whelehan presenting Robert Duffy with Image of the Month

As if not busy enough Denis was landed with the task of choosing the images to represent the Irish Photographic Federation in the Celtic challenge which took place over the weekend. This is an annual competition between the Celtic nations and this year it was hosted in Wales. Through Denis's great judgement the IPF came out on top and we had representation from our club in Tony, Gabriel, Damien & Arthur. Again, well done to all involved but especially to Denis for all his organizational work.

Conor McEneaney

On the second part of the night, Conor McEneaney LIPF stepped on to the stage to display and talk about his recent achievement on gaining his Licentiate'ship (LIPF).

Conor has achieving remarkable success over the past 12 months and was great to hear his perspective on photography.

Conor took us through the process of preparing the panel and then projected each image in its original format and then the end product. It was great to see the process first hand from Conor and I'm sure people picked up some tips and inspiration from him. Well done Conor!
