

Clodagh Tumilty AIPF

In parallel with the IPF Club Championship, hosted in Mullingar Arts Centre again this year, Clodagh presented her panel of Donegal Beaches for assessment to seek an Associateship of the IPF. A number of DPS members cheered loudly as the judges declared her 15-image panel had succeeded. Well done to Clodagh for over 2 years of hard work preparing, printing and reprinting many images before settling on her final panel, which, as she says, represents her 'happy place'.

Mark English LIPF

Mark English, too, presented a panel for assessment. In his case, he sought a Licentiate'ship of the IPF for which he needed a 10-image panel to succeed. Not only did he succeed but also the judges declared that every now and then a panel is presented for licentiate'ship that is well above the standards expected and, at this sitting, Mark's panel represented just that. More cheering erupted from the other DPS members present as all pre-judging nervous tension evaporated into a cloud of glee.
